Are You Winter-Wise?

WINTER SPORTS LOVERS . . . whether they're hitting the ski trails, cutting fancy figures on ice or building a snowman . . . have to pay the piper with chapped skin, bruises, scrapes, sore feet and all other ills of cold weather activity. Just in time this winter is a new first aid formula called Nozain, developed by Noxzema, that provides quick and soothing relief for a variety of skin irritations.

This handy aid works three ways: relieves pain or itching in seconds by acting directly on the nerve endings, helps heal damaged tissue, and inhibits the growth of common skin germs and so helps prevent infection.

When winter comes, spring and summer are not too far behind, and you'll find Nozain good relief for insect bites, cuts, and burns (including sunburn). It's a new first aid necessity.

NOT DADDY WARBUCKS

. . . could have saved important money on car insurance with State Farm Mutual.

Can you qualify for the savings and protection that State Farm policyholders have enjoyed? Four out of five drivers can. Find out. Call today.

Police and Fire Get Advanced Red Cross Training

Due to recent State legislation requiring personnel operating ambulances to have an advanced Red Cross Certificate, all members of the Police and Fire Departments recently completed such a course. The course was given by Earl M. Blair and dealt with all phases of incidents which the local rescue crew would encounter in Albany.

The ambulance service is operated jointly by the Police and Fire departments in Albany, insuring prompt service and trained personnel for all emergencies. The fire department inhalator crew is a well trained organization which responds to all calls of this nature in the ambulance driven by a police officer. At rescues and other incidents such as automobile accidents where persons must be extricated from wreckage the trained crews from both departments respond with the ambulance. Their specialized tools are carried by the fire department rescue car, another piece of equipment which responds with the ambulance where it may be needed.

Police Chief Ralph Jensen and Fire Chief Gerald D. Browne believe that the joint operation by both departments gives the citizen of Albany a service which is prompt, efficient and dedicated to their task.

Class In German To Start Feb. 10 At Adult Center

For the first time in its history, the Albany Adult Center will offer a course in beginning, conversational German. Scheduled for Wednesday evenings, 7:30 to 9:30, classes will start on February 10 at the Albany High School Building, 603 Key Route Boulevard, and are open to the enrollment of those adults residing in or out of Albany, as are all classes at the Center.

With the addition of this new class, a full language program is available in the evening school including French, Spanish, Russian, and now German. Although planned primarily for beginners, the class will provide review for those desiring a refresher course and for those needing specialized help, such as Ph. D. candidates.

Mrs. Lucy Ackerknecht, the instructor, is, according to Robert G. Dennis, principal of the Center, well-qualified to teach this new class. German-born and educated, she taught this language during the war to army personnel at the Berlitz School in Baltimore, Maryland, and later at the Madison Vocational and Adult Education School in Madison, Wisconsin.

A person who commutes by automobile most of his working life between San Francisco and Oakland will spend about \$5,000 for tolls on the Bay Bridge.
